kidstlc™ **CAMP** CONNECTION

WHO?

Children, ages 6-16, with social challenges related to an autism spectrum disorder, social communication disorder or other developmental disorders.

WHAT?

Camp Connection is designed to facilitate social skills development in a fun, structured and supportive environment. The camp curriculum enables children to increase abilities related to peer interaction and use social learning opportunities while developing meaningful friendships.

Camp activities incorporate research and evidence-based practices to assist campers in developing essential skills in:

- Conversation
- Non-verbal communication
- Problem-solving
- Social learning
