

MIDDLE SCHOOL STEM SUMMER CAMP

This summer, middle school students are invited to spend a week at Kansas State University's Olathe campus. This summer camp supports math and science through fun, hands-on learning and activities.

FUN WITH FOOD SCIENCE CAMP

July 15-19, 2019 | 8:30 a.m. to 12:30 p.m.

This camp is for the curious junior scientist who wants to know the how and why of food. Explore the crazy science behind food and the way we taste it — including learning the answer to the question of why junk food tastes so good.

Lessons include:

- Chemistry and packaging of processed foods
- Learning about the five taste groups
- Career exploration
- The myths and facts about organic and GMOs
- Culinary and cooking skills in our state-of-the-art kitchen

At the end of the week, campers will prepare and share treats with their families and guests.

Who should attend?

Middle school students, including those entering 6th grade and leaving 8th grade.

Cost: \$185 (includes a t-shirt and field trip)
