

Help Olathe South raise enough money to purchase this great technology that will allow us to recognize all of our athletic and activity programs, highlight our student academic achievements, share information about our current events, and give digital access to every yearbook in our school's history. This is an exciting endeavor that will help OS stand out in a unique manner and will be a welcoming kiosk for all visitors to our building. Your donation is 100% tax deductible. Click on this link for more information.
