

CLASS PLACEMENT INPUT FOR 2009-10

Parents:

We desire to provide the best possible placement for each student at Manchester Park Elementary School. The criteria listed below are used by our staff as we make class placements for the 2009-10 school year.

- Academic strengths and areas of growth
- Social Skills
- Leadership skills
- Learning styles

Please provide input that we do not currently have on file and has not been shared with your current classroom teacher. Specific strengths and areas of growth that you want us to be aware of for consideration of this placement is helpful if you are entering our school for the first time in 2009-10.

Please list characteristics that would best describe that "ideal teacher" for your child. **We ask that parents refrain from giving specific teacher requests.** Thank you!
